# Ospreys Region Community Awards Night

## Mini and Junior Volunteer of the Year

This award is for the person who has gone above and beyond for the Mini and Junior section at a rugby club in the Ospreys Region. Is there is someone like this at your club? If so let us know.

## Youth Volunteer of the Year

The award is aimed at an individual who has shown a commitment to drive the development of youth rugby in the region. This can be at either club or district level so get your nominations in.

## Young Leader of the Year

The youth of today can be sometimes be painted in a bad light, however there are hundreds of young people who give up their time week in week out to develop the game in Wales. Do you know one of these people? Take this chance to show them your appreciation.

## Women and Girls Volunteer of the Year

The female game is the fastest growing facet of rugby in Wales. In the Ospreys region we are no different but it couldn't be done without the army of volunteers committed to growing the female game. Does someone stand out for you?

## Referee of the Year

Without referees there would be no game but it can be something of a thankless task. We want turn the tables and say thank you to a referee who gives up their time to all areas of the game, from Minis to Senior level.

## Most Inspirational Person Award

In every walk of life there are people who inspire us to be better people. Rugby is no different. Is there someone you know who inspires you and others to live up to the values of the game?

## Team of the Year

Successes can happen both on and off the field. For this award, we want to celebrate the team that has seen success in both areas in 2017/18. Perhaps they've made it to cup finals or maybe it's that they've managed to grow their minis section and now provide rugby for all ages. Whatever your reason, don't miss out on an opportunity to see them be our Team of the Year.

## Dereck "Deco" Davies Lifetime Achievement Award

Deco was the inaugural winner of the Lifetime Achievement Award in 2016 after serving Banwen RFC for 40 years as a committee man in various roles. This award recognises someone who has invested their time and effort over the years to support and improve a club within the Ospreys region. Don't miss out, take this opportunity to recognise and celebrate the hidden hero's at your club.
